MEEHANS' WHOLESALE CATALOGUE

U. S. DEPARTMENT OF AGRICULTURE,
WASHINGTON, D. C.

A valuable book for the garden
owner requiring plants
in quantity

Spring, 1912

THOMAS MEEHAN & SONS
NURSERYMEN AND HORTICULTURISTS
GERMANTOWN, PHILADELPHIA, PENNA.

The Greatest Horticultural Establishment in America

This house, the house of Meehan, is recognized as the largest, and, many say, most reliable horticultural establishment in America.

We can serve you well, as we have and are serving thousands, in helping you make the most of your home grounds.

Whether you wish one or a thousand plants, whether you require a few perennials or have need of landscape advice—in any event you will find it to your advantage to get in communication with us. We are ready to answer your questions carefully.

Our experts in the various departments are experienced, practical men familiar with conditions all over the country.

Tell us your problems, wishes, needs, any important information about your grounds and we'll most gladly go into the question with you.

A Valuable Descriptive Catalogue

If you need help such as we speak of, you'll very likely want a copy of our 64 page illustrated catalogue as well.

On the back cover is a postal ready to fill out and mail.

Send it to-day, giving us the information asked for and we will be glad to not only send the book, but, if you so desire, furnish you with special information.

At your service in everything horticultural.

THOMAS MEEHAN & SONS
NURSEYMEN AND HORTICULTURISTS
GERMANTOWN, PHILADELPHIA, PENNA.

Our main office, unpretentious in appearance but a bee-hive of activity, Summer and Winter, Spring and Fall.

The Purpose of this Wholesale Catalogue

Here Is a Price List for the Garden Owner Who Needs Plants in Quantity.

THE purchaser of plants, requiring stock in quantities of five or more of one kind, naturally feels that he is entitled to lower prices than the man who wishes less.

Too, he usually knows what he wants, and dislikes to have to wade through a lot of descriptive and advertising printed matter. This non-descriptive list will, for these reasons, be found decidedly convenient to the busy man.

This practical, up-to-date catalogue is a most needed piece of literature, and we know will be received with great interest by all and put to use.

The one most important feature is the decidedly low quotations we have named for the benefit of customers entitled to them. It will be found that these prices are in many cases as low for this first-class stock as on stock from those who do not begin to grow plants of equal quality.

Our usual careful packing attends the filling of all orders, and the packing material, by our rebate plan, costs you nothing.

A most varied collection of ornamental plants will be found in this book, but it by no means fully covers our tremendous collection. Should you by chance fail to discover plants you want, not listed, by all means write us.

This book is up-to-date, but, as quantities are naturally fluctuating, due to constant demands, we urge every one to send in a list of needs as quickly as possible.

The prices in this wholesale catalogue are offered to the mail order trade without recourse to special estimates. We reserve the right to decline orders at these prices where the conditions are at variance with the objects with which these low rates are made possible.

Meehans' Deciduous Trees

Buy trees that you will not be ashamed of after they are planted, buy trees with good roots, well proportioned tops and show the result of experienced care.

You will not get such stock from the ordinary grower. Go to the experienced nurseryman.

Our business, almost sixty years old, is founded on quality stock at reasonable prices. You will find this last statement verified by the prices herein quoted.

Tree Specialties for Spring 1912

From among the many kinds of ornamental trees we grow are a selected few of such merit as to warrant special mention.

These we list below for ready reference,—sizes and prices may be found by referring to them in the regular alphabetical list.

All these trees are offered in our Spring Specialty Catalogue. Read of them there if unknown to you. In purchasing 5 or more of one kind you secure the special prices offered by this catalogue.

Japanese Maples in full variety—see *Acer Japonicum* and *polymorphum* in variety.

Red Dogwood—*Cornus florida flore rubro*.

Chinese Pagoda Tree—*Sophora Japonica*—only offered in Specialty Catalogue. Quantity limited.

Chinese Elm—*Ulmus parvifolia*.

	Per 10	Per 100
Acer campestre, English Cork Maple

6 to 8 ft.	7 00	
8 to 10 ft.	9 00	80 00
1¼ to 1½ in. cal.	10 00	
1½ to 1¾ in. cal.	12 00	

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate.
For less quantity see full descriptive catalogue.

Acer (cont.) Per 10 Per 100

“ **platanoides, Norway Maple**

4 to 6 ft.	4 00	35 00
6 to 8 ft.	6 00	50 00
8 to 10 ft.	8 00	75 00
1¼ to 1½ in. cal.	11 00	100 00
1½ to 1¾ in. cal.	20 00	135 00
1¾ to 2 in. cal.	25 00	170 00
2 to 2¼ in. cal.	30 00	200 00
2¼ to 2½ in. cal.	35 00	350 00
2½ to 2¾ in. cal.	37 50	
2¾ to 3 in. cal.	40 00	
3 to 3½ in. cal.	45 00	
3½ to 4 in. cal.	50 00	
1¼ to 1½ in. cal. specimen ..	16 00	
1½ to 1¾ in. cal. specimen ..	25 00	
1¾ to 2 in. cal. specimen ..	30 00	
2 to 2¼ in. cal. specimen ..	35 00	
2¼ to 2½ in. cal. specimen ..	37 50	
2½ to 2¾ in. cal. specimen ..	40 00	

These are all good straight, transplanted trees. The specimen trees have been grown wide apart in the rows, giving ample opportunity to develop well-shaped heads.

“ **platanoides Reitenbachi, Purple-leaved Norway Maple**

1¼ to 1½ in. cal.	20 00
1½ to 1¾ in. cal.	27 00
1¾ to 2 in. cal.	30 00
2½ to 3 in. cal.	40 00

The Reitenbach Maple is a purple-leaved variety. The color is not as pronounced when the leaves first expand, but develops later, retaining the color during the summer months better than the Schwedleri.

“ **platanoides Schwedleri, Purple-leaved Norway Maple**

6 to 8 ft.	10 00	75 00
1 to 1¼ in. cal.	17 00	125 00
1½ to 1¾ in. cal.	25 00	
1¾ to 2 in. cal.	27 50	
2 to 2¼ in. cal.	30 00	
2¼ to 2½ in. cal.	32 50	
1½ to 1¾ in. cal. specimen ..	25 00	
1¾ to 2 in. cal. specimen ..	30 00	
2 to 2¼ in. cal. specimen ..	35 00	
2¼ to 2½ in. cal. specimen ..	40 00	

These are all very fine trees, transplanted and with perfectly straight trunks. The “specimens” are exceptionally fine, with well-developed heads.

“ **platanoides globosa, Globe-headed Norway Maple**

3 to 4 ft. stems	25 00	200 00
-----------------------	-------	--------

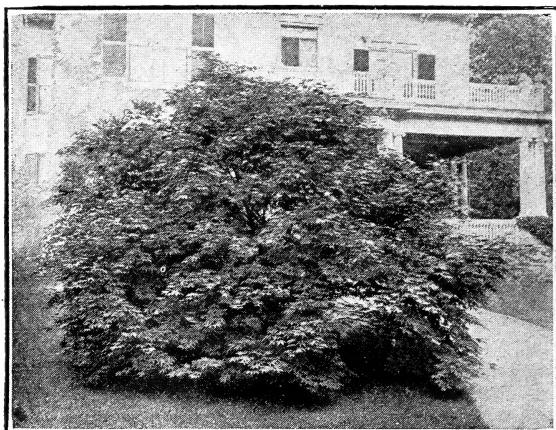

“ **Pseudo-Platanus, Sycamore Maple**

4 to 6 ft.	3 00	25 00
-----------------	------	-------

“ **Pseudo-Platanus purpurea, Purple-leaved Sycamore Maple**

1¾ to 2 in. cal.	16 50
2½ to 2¾ in. cal.	33 00
2¾ to 3 in. cal.	37 50
3 to 3½ in. cal.	42 00

This tree usually grows very crooked and with a very poor unshapely head. We transplanted and staked our trees, now they have perfectly straight trunks and regular, uniform heads.

The true, rich, blood-red Japanese Maple. It is the very choicest dwarf tree for lawn planting.

JAPANESE MAPLES

Why buy cheap, imported Japanese Maples, hide bound, poorly-rooted, varieties badly mixed and untrue to name, when you can get healthy, American-grown plants, well rooted, vigorous and well developed tops, guaranteed true to name at a price very little higher than the imported stock. All of our Japanese Maples are propagated in our nurseries and are guaranteed true to name.

" Japonicum, Green-leaved

We grow only the "hardy" Sweet Gum. We collect our seeds from trees growing in this vicinity and from them produce a strain hardy throughout the New England States. Seedlings from southern trees are not hardy as far north as Philadelphia.

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate.
For less quantity see full descriptive catalogue.

We always burlap
the roots of our
Magnolias, thus
eliminating a great
deal of risk.

You get the en-
tire plant, root
and branch, when
we lift our Mag-
nolias. Note the
unusual bushy
appearance of
this **average**
plant.

8 to 10 ft.	20 00	

This Chinese Elm is a very beautiful tree. It makes a thick, bushy head, and has small dark, glossy green leaves which remain on the tree until late in the Fall. It is one of the most ornamental trees and especially adapted to use where a small growing tree is required.

" *Wheatleyi*, Cornish Elm

1¼ to 1½ in. cal.	16 50	
------------------------	-------	--

I take pleasure in saying that the entire shipment arrived in fine condition, and every one of over 500 items was faultless, everything that could be desired. The high praise of your house I have often heard expressed by Mr. E. T. Mische, Park Supt. of Madison, Wis., proved well merited, and was the reason for your getting this order when your prices were higher than all other bidders.

J. H. B., De Forest, Wisconsin.

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate.
For less quantity see full descriptive catalogue.

Flowering shrubs supplemented by hardy perennials give us a dependable source for bouquets from early Spring until late Autumn.

Meehans' Deciduous Shrubs

Good, quick results will follow the use of these strong, healthy plants offered through these pages. Nothing second class about any of them but all of a quality assuring satisfactory results.

Shrub Specialties for Spring 1912

You will find the following list of shrubs well worth studying as suggestive of a selection which will be above the average in value.

All these are separately listed and fully described among our offerings in our Spring Specialty Catalogue.

In lots of 5 or more of one kind you get the privilege of these special wholesale rates.

The list is as follows:

Meehans' Variegated-leaved *Althaea*—*Hibiscus syriacus* Meehani.

Japanese Lilac Tree—*Syringa Japonica*.

Japanese Storax—*Styrax Japonica*

Evergreen Azalea—*Azalea amoena*

Hardy White Chinese Azalea Only listed in Specialty

Hardy Crimson Azalea. Catalogue stock limited

New Ever-blooming Snowball Hydrangea

Hydrangea arborescens grandiflora alba.

Althaea, See *Hibiscus*.

Early May finds the hardy, evergreen **Azalea amoena** in its glory. Dwarf and compact in growth, and preferring a partially shaded position.

Meehans' Evergreen Shrubs

Each year these beautiful shrubs are becoming more popular and that is why we are reaching out for the best collection we can assemble.

These we offer are in every way up to our high standard and in transplanting we care for their roots by lifting soil with them.

Rhododendrons (cont.)

varieties for possible substitution. Grades frequently are entirely sold out in some varieties.

Album elegans. White, tinged pink in the bud. Strong vigorous grower.

Album grandiflorum. Very fine white, tinted blue
Atrosanguineum. Rich blood-red.

Blandyanum. Rosy crimson flowers, rich foliage.

B. W. Elliot. Deep rose, with dark spots.

Caractacus. Truss large, rich crimson. Late.

Chas. Bagley. Cherry-red.

Chas. Dickens. Rich scarlet-crimson, fine foliage.

Delicatissimum. Blush white, tinted pink.

Everestianum. Rosy-lilac flowers, and foliage superior to all.

General Grant, crimson

Giganteum, Cherry red

Gloriosum. White, with a tint of violet.

John Walter. Rich crimson, of beautiful form.

Lady Armstrong Red

Lady Clermont. A rosy-scarlet with deep dots. Distinct.

Lady Gray Egerton. Silvery-white, with blush.

Michael Waterer. Scarlet, intensely bright.

Mrs. J. Clutton. A good white, prettily spotted yellow.

Mrs. Milner. Rich crimson, fine foliage.

Old Port, Claret red

Parsons grandiflorum. Dark Red

Purpureum elegans. A grand, rich purple. Good foliage.

Roseum elegans. An attractive light rose. Compact

Roseum superbum. Light rose.

Referring to the carload of native Rhododendrons sent to Mrs. A's. place last spring, arriving May 16th, I have much pleasure in reporting the excellent condition they are now in, having made an average of about 35 good strong flower buds per plant, some of the larger ones having 60 buds, and all who have seen them remark the excellent results for such late planting.

I may say in 30 years experience I have never seen Rhododendrons produce such results in six months from date of planting. They certainly well repay any extra attention I have been able to give them.—R. H.

A glimpse of a block of our big, full, compact Norway Spruce. We have nothing to hide.

Meehans' Coniferous Evergreens

All our evergreens are given the greatest care possible in the growing, staking, pruning and where feasible, shearing, resulting in well developed, sturdy specimens.

All these precautions are finally guarded by digging the plants with soil attached to the roots and delivering them in this condition.

Such care has paid us in an increasing number of pleased customers.

Ordinarily Norway Spruce grow quickly. They look thin and slim when young. Ours would have looked this way had we not transplanted and sheared them so frequently, but we cannot allow our evergreens to stand without this treatment. The result of these frequent transplantings are apparent. Every plant is full, well developed and may be used for immediate effects.

As an evergreen hedge plant you probably know how valuable it is. As a quick screening plant it is also decidedly useful, and of course effective in the winter as well as the summer.

	6 to 7 ft., with ball	35 00	235 00
Every plant we have is a specimen—full and bushy, with plenty of good roots which are dug with soil and the plants sent you in this manner, practically undisturbed.			
Aside from specimen or group planting you may get a most striking and unusual effect by using this plant for hedging. We know of a few which are wonderfully effective and ornamental.

Meehans' Special Roses

JUST A LITTLE BETTER THAN THE BEST.

Yes our roses are above the average and we'll tell you why.

In the first place you will find in our list the cream of the best kinds, with those newer varieties that have scored a permanent success.

All our roses bloom the first year and bloom profusely, not in a half hearted way, provided of course good soil and a sunny location be furnished them.

Buy these dependable kinds, full of vigor.

CLIMBING AND PILLAR ROSES.

Alberic Barbier. Double cream white. Excellent foliage.

Baltimore Belle. Cluster rose, flowers blush-tinted double. Very free in flowers.

Crimson Rambler. Old, well-known crimson climbing rose.

Dawson. Lovely, fragrant pink cluster rose.

Dorothy Perkins. Well known, shell pink, cluster rose.

Flower of Fairfield. Ever-blooming Crimson Rambler.

Lady Gay. Cherry pink cluster rose of great beauty.

Prairie Queen. Clear bright double pink, cluster rose.

Pink Roamer. Small single pink rose, fragrant.

Rene Andre. Semi-double carmine, center mottled white.

South Orange Perfection. Old well known pink, changing to blush. Fine.

Taunsendschon. Thousand Beauties. Extremely free flowering, double cluster roses, white to deep pink.

Universal Favorite. Clear, bright pink, cluster rose.

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate.
For less quantity see full descriptive catalogue.

White Dorothy Perkins. New, double white cluster rose. A very fine variety.

White Rambler. Old, well known white rambler.

Wichuraiana. Splendid free-flowering single white rose, pronounced yellow stamens. Excellent glossy foliage.

Strong pot grown plants ... 4 00 35 00

DWARF EVERBLOOMING ROSES.

Baby Rambler. Individual flower resembles Crimson Rambler. Always in flower.

Pink Baby Rambler Dorothy. Soft pink, Flowers continuously, blooms coming in abundance.

White Baby Rambler. A dwarf white flowering variety, similar to Baby Rambler in other respects.

Strong pot-grown plants 4 00 35 00

JUNE ROSES

Frau Karl Druschki. Splendid, pure white, of beautiful form.

General Jacqueminot. Old, well known rich scarlet-crimson.

Magna Charta. Glorious, large, full double, deep pink.

Mrs. R. G. S. Crawford. Deep, rosy pink, shading to flesh.

Mrs. John Laing. A free flowering, double soft pink.

Paul Neyron. Splendid dark rose, flower of good form.

Persian Yellow. Old-fashioned double, golden yellow. Unsurpassed.

Ulrich Brunner. Extra large, full flower, bright cherry-red.

Pot-grown, vigorous plants 5 00 40 00

MONTHLY, EVER-BLOOMING ROSES.

American Beauty. The famous rich red rose.

Clothilde Soupert. Blush white, deepening to rose. Free bloomer.

Gruss an Teplitz. Very finest deep crimson, with a velvety sheen.

Hermosa. Old-fashioned, free-flowering double pink rose.

Kaiserin Augusta Victoria. Delicate creamy white. Splendid form.

Killarney. Sparkling shell pink. A favorite.

La France. Silvery pink and very fragrant.

Queen's Scarlet. Brilliant crimson-scarlet.

Pink Maman Cochet. Deep rose pink. Very free flowering.

Richmond. Rich, glowing scarlet-crimson.

Souvenir de P. Notting. Rich apricot or orange yellow, bordered soft carmine rose.

Strong vigorous, pot-grown plants 5 00 40 00

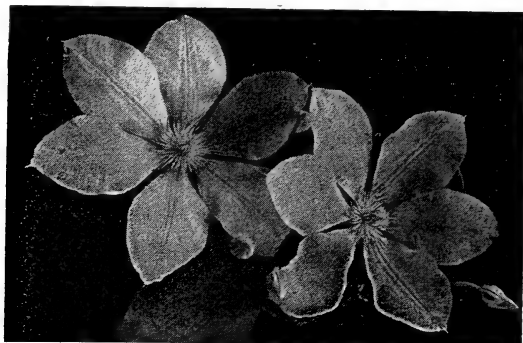

TREE ROSES.

We have a splendid collection of good well known varieties, grafted about 4 feet above the ground. Quick results are possible.

Good sturdy plants in variety 12 50 100 00

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate.

Ornamental Hedges

Ordinarily the growing of plants for hedges is given only superficial attention at the nursery and the result is the production of thin, scrawny plants which in time, of course will answer the purpose for which they were grown, if they are fortunate in getting into good soil and have better attention.

Our stock is different. All our plants are carefully grown and almost equal,—in fact, in some cases, do,—the individual plants for specimen purposes. Quite frequently we sell this latter stock for hedging purposes as well as ordinary planting.

The three following groups represent the very best plants suitable for hedging, screening and wind break uses.

EVERGREEN HEDGES

Pages given direct you to current sizes and lowest prices.

<i>Buxus arborescens</i> , Tree Box	Page 38
" <i>suffruticosa sempervirens</i> , Box Edging	Page 39
<i>Picea excelsa</i> , Norway Spruce	Page 43

It is a real pleasure to thank you for the quality of plants for old-fashioned garden, for the pains taken in packing them and fine condition in which received.

We finished planting them out this morning without any trouble whatever in following your plan.

MR. J. W. S., Freehold, N. J.

Not less than 5 plants of one kind and size sold at these prices. 25 of one kind and size at 100 rate. For less quantity see full descriptive catalogue.

Old-fashioned perennials are splendid for grouping in the foreground of a shrub border to enliven such plantings in summer when few shrubs flower.

Meehans' Hardy Perennials

Here is a most dependable collection of the choicest old-fashioned as well as new hardy perennials. We are pioneers in the growing of these plants.

The plants we sell are good, strong plants ready to give results and not requiring "nursing" from the purchaser, as is unfortunately the case with stock in general.

Our prices, in comparison to others may cause you to think our plants are cheap in quality but such low prices as we name are the result of big sales, minimizing cost of production.

Special Perennials

Above the Average in Merit.

Make your hardy garden or flower border distinct from your neighbor's. Plant new kinds, look forward to surprises in new flowers, new perfumes, new friends to stay with you season after season.

The following are specially recommended.

Meehans' Mallow Marvels. Hibiscus.

Dropmore Gentian Blue Anchusa. Anchusa Dropmorei.

"Snow Queen" Iris. Iris Siberica "Snow Queen."

Fragrant Scotch Pinks. Dianthus cyclops.

British Elecampane. Inula Britannica.

Hardy Chrysanthemums. Chrysanthemums.

Butterfly Weed. Asclepias tuberosa.

Clustered Bell-flower. Campanula glomerata dahurica.

Blue False Indigo. Baptisia australis.

Maroon Sneezwort. Helenium autumnale rubrum.

Pot-grown Lilies. Lilium in variety.

PRICES ON PERENNIALS—except where specially priced—\$1.20 per 10, \$10.00 per 100. 5 of one kind at 10 rate;—25 or more of one kind at 100 rate.

The Japanese Anemones are indispensable in the perennial garden in the fall when flowers are scarce.

Achillea millefolium, roseum, Pink Yarrow, rose July to September.

" *Ptarmica plena*, The Pearl, double white, July.

Agrostemma coronaria, Mullien Pink, crimson, June

Ajuga genevensis, Bugle, blue, May

Alyssum argenteum, Yellow, May

" *saxatile compactum*, golden yellow, May.

Amsonia salicifolia, blue, June

" *tabernaemontana*, clear blue, June

Anchusa Italica, dark blue, June to September

" *Dropmorei*, new gentian blue flowers. \$2.00 per 10; \$18.00 per 100.

Anemone Japonica alba, Windflowers, White, September to November.

" *Japonica rosea*, rose, September to November

" *Japonica Queen Charlotte*, La France pink, September to November.

" *Japonica Whirlwind*, white, September to November.

" *Japonica rubra*, red, September to November.

" *sylvestris*, white, April and May.

Pachysandra terminalis, evergreen, whitish, May.
Paeonia Moutan, Tree Paeonia each \$1.50.

Meehans' and Terry's Named Paeonies

When it comes to Paeonies, we don't acknowledge any stock superior to ours, but know that few are as good. At this writing we have one hundred and sixty-one beautiful, distinct named kinds.

These have been picked from double that number. We have trial grounds on which we grow them to find out if they are suitable for cataloging.

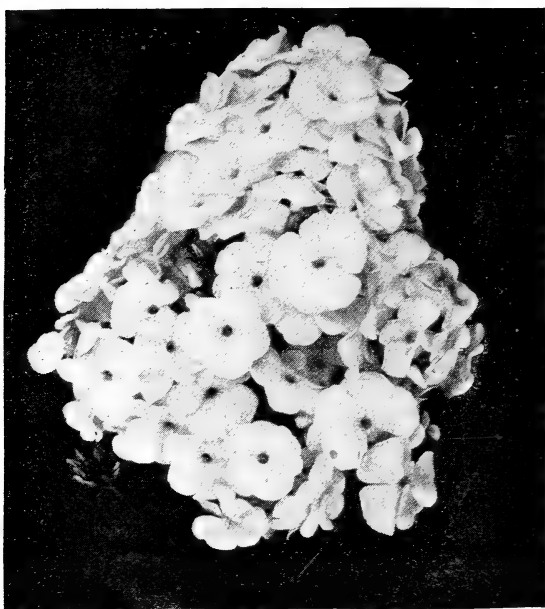

Represented in this collection are those well-known kinds such as *Festiva Maxima*, *Golden Harvest*, *L'Esperance*, *Grandiflora rubra*, *Edulus Superba*, *Mad. Chaumy*, *Dorchester*, *Delicatissima*, *Plenissima rosea* and many others equally as good. There are many varieties which are not to be had elsewhere, coming to us direct from the famous Terry collection.

Each \$.25, \$.50, \$.75 and \$1.00. Some extra size clumps.

Papaver nudicaule, Iceland Poppies, white, yellow and orange.

- " *Orientele*, Oriental Poppies, crimson, June.
Fentstemon barbatus hybridus, various, June.
 " *diffusus*, blue, June.
 " *digitalis*, Bearded Tongue, white, July.

PRICES ON PERENNIALS—except where specially priced—\$1.20 per 10. \$10.00 per 100. 5 of one kind at 10 rate,—25 or more of one kind at 100 rate.

Meehans' Superb Dahlias

You may find more extensive lists of Dahlias, but in this select collection are the very choicest kinds obtainable in a good variety of colors.

These roots are field grown, and far superior to the small potted plants and rooted cuttings so frequently sent out.

Many of the varieties we list below are among the specialties offered by other growers and dealers.

GOLD MEDAL DAHLIA GROUP

A well assorted collection of 20 dahlias, 5 each of the 4 classes listed below, for **3.00.**

CENTURY DAHLIAS

A splendid group of single, very free-flowing dahlias, which start blooming early and continue until frost. Excellent for cutting.

Cardinal Century. Just the color the name suggests, rich cardinal. Best dark red, single.

Delicatissima. White flushed pink. One of the largest.

Fringed 20th Century. Flowers often 7 to 8 inches in diameter. Bright crimson shading to a white edge, and a pronounced white disc in the centre.

Gladys. Brilliant rosy crimson, white disc in center with golden yellow in the direct center. Excellent.

Maroon Century. Deep maroon, shading to black.

Rose Pink Century. Immense single pink flowers of great beauty.

Field grown roots, 20 cents each (postpaid 25 cents) 10 for \$1.80, 100 for \$15.00.

CACTUS DAHLIAS

These beautiful varieties, with their artistic, narrow-pointed florets, are the choicest of all Dahlias.

Country Girl. Large, deep golden yellow, tipped amber.

Floradora. Beautiful, pure garnet.

Florence M. Stredwick. A beautiful, pure white variety.

Kriemhilde. Deep rosy pink, center shading lighter.

Miss D. Oliver. Soft primrose, shading to light yellow.

Standard Bearer. Bright, clear scarlet.

Field grown roots, 20 cents each (postpaid 25 cents) 10 for \$1.80; 100 for \$15.00.

DECORATIVE DAHLIAS

All of this class have large flowers, double, full to the center, but open and irregular in formation. An intermediate class between Cactus and Show dahlias.

Blue Oban. Soft lavender blue. Nearest approach to a true blue dahlia.

Jack Rose. Brilliant crimson-red, rich and glowing. Wonderfully fine.

Lyndhurst. Brightest vermilion, very free flowering.

Maid of Kent. Rich, cherry red tipped white.

Prof. Mansfield. Unique in color. Yellow, tipped white with deep red marginal coloring.

Sylvia. Flowers 4 to 6 inches in diameter. White center, shading to soft pink. Grand.

Field grown roots, 20 cents each (postpaid 25 cents) 10 for \$1.80; 100 for \$15.00.

SHOW DAHLIAS

The full, globular, perfectly formed class, which have been known for years.

A. D. Livonia. The very finest clear bright pink show dahlia.

Arabella. Soft primrose, shaded deep rose. A dependable variety.

Queen Victoria. Large, rich golden yellow.

Red Hussar. Rich, dazzling cardinal red.

White Dandy. A large pure white flower of great beauty.

Field grown roots of any of the above 20 cents each (postpaid 25 cents) 10 for \$1.80, 100 for \$15.00.

Gladioli of Known Merit

These beautiful summer-flowering plants should be in every yard, large or small.

So inexpensive and yet so beautiful, they are practical to use everywhere.

You need not question the following. They are the cream of the best strains and cover all the shades from white to deep crimson and blue.

* SILVER TROPHY STRAIN

Group No. 1—Scarlet Shades. Newest reds, scarlet, and crimson. Wonderfully bright and showy. \$3.00 per 100.

Group No. 2—Light shades. All shades of cream and yellow, including white. Many beautiful combinations relieved by dashes of rich color.

\$4.00 per 100.

Group No. 3—Blue shades. Wonderfully beautiful shades of lilac, heliotrope, blue, and allied colors. Not obtainable in the cheap kinds.

\$5.00 per 100.

GROFF'S ORIGINAL HYBRIDS

The amateur can secure great satisfaction from these hybrids. They are the original introductions of Mr. Groff, and certain shades from pure white to the darkest red and crimson. Flowers are large, well formed, and properly arranged upon the spikes.

\$1.50 per 100; \$12.00 per 1000.

"We grow all Plants that live outside"

"MEEHAN'S GARDEN
BULLETIN"
PUBLISHED MONTHLY
SUBSCRIPTION 50 CTS

Here and there in this country are specimen trees of the English Holly. Invariably they give the place considerable renown. There is no reason why a few more should not enjoy this distinction.

Apart from Christmas associations, the English Holly will hold its own in comparison with any evergreen tree or bush. The crisp, dark glossy-green leaves, the bright scarlet berries, the sturdy compact habit of growth all make it an extremely desirable plant to have on the home grounds.

We are glad of the opportunity we have to offer to you splendid trees of this handsome evergreen. An unusually generous importation places a surplus upon our hands, and we offer these specimens at the following greatly reduced prices.

3½ to 4 ft..	@	\$3.50
4 to 5 ft..	@	\$5.00
Extra specimens.	@	\$6.00
(5 or more at a 20% discount.)		

The trees are somewhat pyramidal in shape. They have been grown in tubs, so they will in no wise be disturbed in shipping. All have abundance of scarlet berries showing brilliantly in contrast with the polished, dark-green leaves.

Kindly advise us promptly of your desires.

Very truly yours,

THOMAS MEEHAN & SONS,
Per
